Our Mission

The mission of the Enid Lesbian, Gay, Bisexual, Transgender Coalition is to serve the needs of our diverse community by building connections and by encouraging acceptance of all.

The Enid LGBT Coalition is dedicated to be a force for good in Enid and Northwest Oklahoma. Being a new non-profit organization in Enid comes with exciting opportunities, as well as the need for intensive hard work and dedication. We strive to be the most professional, effective, service oriented LGBT organization our area has ever seen. Our mission statement is intended to be broad enough to have the fluidity necessary to create results based on a root belief, as well as changing times and needs.

We look forward to building relationships by demonstrating our commitment to pursue excellence, create unity, and be of service to all members of our community...or,

Contribute

We enrich our own lives as well as the lives of others when we serve our community and help facilitate improvement all around us. Reaching out and helping those in need demonstrates our belief that when you help one other person or group of people, it has a positive benefit for all. The Coalition membership aims to serve with other help organizations and quality of life improvement efforts whenever possible.

Communicate

By communicating with the public and our LGBT community, we educate in order to have a better understanding of each other and ourselves. Understanding is the first step toward acceptance of all. Through public events, continuing education, and open forums, we provide opportunities to share life experiences and knowledge from a variety of sources. Diverse communication gives us a most beneficial point from which to learn.

Connect

By connecting people with the right resources, individuals, or groups, we can play a role in helping them create the life they want. Making the right connections can improve, expand, and enrich any individual experience. Additionally, connecting an individual with the community around them broadens relationships and improves the community as well as the individual.
